

the hollows.

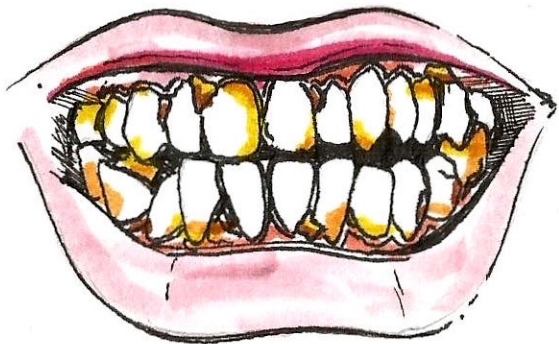

Alright, i've been watching
this 19 year old girl try
to eat soup with a fork.

And man...
its driving me fucking
nuts already.

Shes like 5 feet tall and her teeth are all
fucked up cause she doesn't brush them
or whatever.

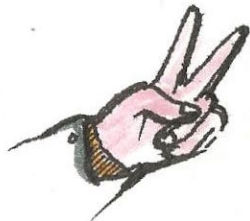

**I CANT STOP
STARING
AT HER.**

WHY THE FUCK IS SHE EATING SOUP
WITH A FORK... Y'KNOW?

To be "different"?
To be "you"?

the never ending
bowl of soup.

So I told her, you might want to use a spoon if you ever want to finish your fucking bowl of soup. And she didn't respond to what I said.

So what the fuck?
